CAUTION

Do not repair, disassemble, or modify under any circumstances.

Do not place near any heat source or in direct sunlight.

Place on flat, secure surface.

Use **ONLY** the supplied AC power adaptor.

Do not use appliances with frayed or damaged electrical cord.

Do not touch electrical appliances with wet hands or when liquids are present.

Please keep the light and all appliances dry and clean.

Unplug adaptor when the light will not be used for an extended period of time.

Clean only with a soft dry cloth and do not use solvents or cleaning solutions.

Never overload electrical circuits as it may cause electrical shock or fire.

Luxy Lampe LL-01

Brightness Control Function:

5 Step Brightness Dimming Control

Operating Modes:

Read Mode (4,500K ~ 5,500K)

It stimulates concentration and reduces eye strain with the choice of mid-range color temperature.

Study Mode (5,500K ~ 6,700K)

Increases attention and concentration with the choice of high-range color temperature.

Relax Mode (2,700K ~ 3,700K)

Promotes relaxation along with improved mood and the choice of low-range color temperature.

Sleep Mode (2,700K ~ 3,300K)

Encourage a deep sleep with the comfort of soft light.

Timer Control Function

Automatically turns-off the light in one (1) hour while in any mode of operation.

One Touch Control Function

Convenient to control functions of On/Off on various situations by simple touch method.

USB Power Charging Port:

Possible to recharge various digital devices such as MP3 and Mobile Phones through the USB Power Charging port supplying 5V (700mA) power. (USB Power Charging adaptors are sold separately)
